AET 221
ARCHITECTURAL COMPUTER GRAPHICS II

Course Description
This course includes a study of CAD commands with architectural applications and routines. A complete set of working drawings of a residential or commercial building using the computer as the drafting tool is produced.
4 Cr (4 lect/pres, 0 lab, 0 other)

Course Focus
Upon completion of the course a student will be able to use Revit Architecture 2011 to create a set of Architectural drawings. This is an introductory course for this drafting and design software and needs in depth knowledge of Architectural design.

Course Goals
The following list of course goals will be addressed in the course. These goals are directly related to the performance objectives. (*designates a CRUCIAL goal)

1. modify permanent dimension
2. customize door sizes
3. explore new additions
4. create interior walls
5. create exterior walls
6. develop project overview
7. learn printing drawing
8. create room schedules
9. explore room tags
10. add required annotation
11. develop different roof system
12. add roof system
13. prepare printing drawing
14. install parametric doors
15. customize window sizes
16. learn temporary dimension
17. develop column grid
18. create wall system
19. learn using revit help
20. use zoom command
21. use pan command
22. learn closing project
23. explore project creation
24. save existing project
25. open existing project
26. explore what's new
27. explore revit interface
28. recognize revit software types
29. define BIM concept
30. install parametric windows
31. specify section cutting plane
32. create sheet index
33. setup sheet set
34. add rendered people
35. create interior rendering
36. develop isometric rendering section
37. create exterior rendering
38. generate room finish schedule
39. develop room tags
40. add required guardrails
41. add household furniture
42. add kitchen cabinets
43. incorporate electric elevator
44. develop wall sections
45. duplicate common walls
46. add curtainwall mullions
47. modify project model
48. create exterior elevations
49. develop annotated notes
50. explore placing fixtures
51. incorporate ceiling system
52. develop floor system
53. create several design options
54. understand design options
55. incorporate sky lights
56. develop hip roof
57. build required stairs
58. set floor to floor height
59. add interior spaces
60. develop toilet room layout

**Student Contributions**
Each student will spend approximately 2.5-5 hours per week preparing for class and completing assignments to turn in weekly.

**Course Evaluation:**
The grading scale is as follows:
Assignments and class work = 70%, Final Project = 20%, and Final Exam = 10%.
90 - 100 = A  
80 - 89 = B  
70 - 79 = C  
60 - 69 = D  
Below 60 = F
Course Schedule
The class meets for 2.5 lecture/presentation hours per week. Course content will be taught in the order that the content goals are presented in the syllabus.

ADA Statement
The Technical College of the Lowcountry provides access, equal opportunity and reasonable accommodation in its services, programs, activities, education and employment for individuals with disabilities. To request disability accommodation, contact the counselor for students with disabilities at (843) 525-8228 during the first ten business days of the academic term.

Academic Misconduct
There is no tolerance at TCL for academic dishonesty and misconduct. The College expects all students to conduct themselves with dignity and to maintain high standards of responsible citizenship. It is the student’s responsibility to address any questions regarding what might constitute academic misconduct to the course instructor for further clarification. The College adheres to the Student Code for the South Carolina Technical College System. Copies of the Student Code and Grievance Procedure are provided in the TCL Student Handbook, the Division Office, and the Learning Resources Center.

Attendance
The College’s statement of policy indicates that students must attend ninety percent of total class hours or they will be in violation of the attendance policy.

- Students not physically attending class during the first ten calendar days from the start of the semester must be dropped from the class for NOT ATTENDING. Reinstatement requires the signature of the division dean.
- Students taking an online/internet class must sign in and communicate with the instructor within the first ten calendar days from the start of the semester to indicate attendance in the class. Students not attending class during the first ten calendar days from the start of the semester must be dropped from the class for NOT ATTENDING. Reinstatement requires the signature of the division dean.
- In the event it becomes necessary for a student to withdraw from the course OR if a student stops attending class, it is the student’s responsibility to initiate and complete the necessary paperwork. Withdrawing from class may have consequences associated with financial aid and time to completion.
- When a student exceeds the allowed absences, the student is in violation of the attendance policy. The instructor MUST withdrawal the student with a grade of “W”, “WP”, or “WF” depending on the date the student exceeded the allowed absences and the student’s progress up to the last date of attendance or Under extenuating circumstances and at the discretion of the faculty member teaching the class, allow the student to continue in the class and make-up the work. This exception must be documented at the time the allowed absences are exceeded.
- Absences are counted from the first day of class. There are no "excused" absences. All absences are counted, regardless of the reason for the absence.
- A student must take the final exam or be excused from the final exam in order to earn a non-withdrawal grade.
- A copy of TCL’s STATEMENT OF POLICY NUMBER: 3-1-307 CLASS ATTENDANCE (WITHDRAWAL) is on file in the Division Office and in the Learning Resources Center.
