RAD 281
Advanced Imaging II
Fall 2 / 2012

Course Description
RAD 280 Advanced Imaging 1
This course provides instruction in the advanced imaging technologies that are unique to the needs of the profession.
Prerequisites: Incoming students must be in good standing with the American Registry of Radiologic Technologists (ARRT) and be credentialed in Radiography, Nuclear Medicine, and/or Radiation Therapy
Co requisite: RAD 103, RAD 131
Lec.1 Lab. 3 Cr. 2

Course Focus
Upon completion of this course, the student will have a greater appreciation and knowledge of basic imaging and technical factors related to Computerized Tomography and how it relates in the clinical setting.

Text and References
Course Goals
The following list of course goals will be addressed in the course. These goals are directly related to the performance objectives. (*designates a CRUCIAL goal)

1. Value knowledge of radiation protection*
2. Value usage of dosimetry/film badge*
3. Monitor possible allergic reactions
4. Observe patient responses
5. Respect documentation needs
6. Select immobilization devices
7. Verify possible pregnancy*
8. Demonstrate appropriate exam supplies
9. Demonstrate cross-sectional anatomy knowledge
10. Demonstrate safe patient care*
11. Process required images
12. Attempt to perform venipuncture
13. Confirm patient identification*
14. Discontinue according to protocol IV contrast
15. Maintain image proper patient identification
16. Maintain safe patient environment*
17. Assist performing patient transfer
18. Assist supervising technologist
19. Calculate injection dosage
20. Provide patient comfort
21. Seek necessary assistance
22. Comprehend pre-medication protocols to allergic reactions
23. Identify correct anatomy
24. Know location of emergency supplies*
25. Learn differing modality vocabulary
26. Understand CT table incrementations
27. Distinguish affiliated clinical CT protocols
28. Distinguish CT positioning landmarks
29. Establish rapport with patients
30. Apply protocols for scout CT procedures

Student Contributions
In order to perform at a satisfactory level in the clinical area, students must be prepared, on a daily basis, to conduct themselves in the clinical setting professionally through:

1. Knowledge
2. Attitude
3. Work Ethic
4. Productivity
5. Evaluation
6. Organization
7. Appearance
8. Communication
9. Character
10. Cooperation
11. Team work
12. Critical thinking

Course Evaluation
It is the student’s responsibility to complete the set number of competency exams that are assigned by the Clinical Coordinator at the beginning of each respective semester. The number of competencies will be determined, based on the student’s progression in technical factors that are acquired that particular semester or that are comprehensive from proceeding semesters.

Grading Methods
50 Points: Student Clinical Competency Average
50 Points: Student Clinical Progress Evaluations Average
Equal100 total points possible

Course Schedule
Class Location: Clinical assignments are located at the affiliated clinical facilities as assigned by the respective instructor.
Class Time: There is a total of six (6) hours of clinical instruction per week. These required clinical hours may be performed in one, six (6) hour section per week, or may be split into two, (3) three hour sections per week. Students must complete sign-in sheets daily while participating in clinical hours.

ADA STATEMENT
The Technical College of the Lowcountry provides access, equal opportunity and reasonable accommodation in its services, programs, activities, education and employment for individuals with disabilities. To request disability accommodation, contact the counselor for students with disabilities at (843) 525-8228 during the first ten business days of the academic term.

ATTENDANCE
The College’s statement of policy indicates that students must attend ninety percent of total class/clinical hours or they will be in violation of the attendance policy.

1. Students not physically attending class during the first ten calendar days from the start of the semester must be dropped from the class for NOT ATTENDING.

2. Students taking an online/internet class must sign in and communicate with the instructor within the first ten calendar days from the start of the semester to indicate attendance in the class. Students not attending class during the first ten calendar days from the start of the semester must be dropped from the class for NOT ATTENDING.

3. Reinstatement requires the signature of the division dean.
   a. In the event it becomes necessary for a student to withdraw from the course OR if a student stops attending class, it is the student’s responsibility to initiate and complete the necessary paperwork. Withdrawing from class may have consequences associated with financial aid and time to completion.
b. When a student exceeds the allowed absences, the student is in violation of the attendance policy. The instructor MUST withdraw the student with a grade of “W”, “WP”, or “WF” depending on the date the student exceeded the allowed absences and the student’s progress up to the last date of attendance or

c. Under extenuating circumstances and at the discretion of the faculty member teaching the class, allow the student to continue in the class and make-up the work. This exception must be documented at the time the allowed absences are exceeded.

d. Absences are counted from the first day of class. There are no "excused" absences. All absences are counted, regardless of the reason for the absence.

4. It is the student’s responsibility to sign the roll/verify attendance with instructor upon entering the clinical site. Failure to sign the roll/verify attendance results in a recorded absence. In the event of tardiness, it is the student’s responsibility to insure that attendance is marked. The student is responsible for all material/ announcements presented, whether present or absent.

5. Continuity of classroom and laboratory (which includes clinical experiences) is essential to the student’s progress in providing safe and competent patient care. Students are expected to use appropriate judgment for participating in clinical activities. To evaluate the student’s knowledge and skills, it is necessary for the student to be present for all clinical experiences.

6. Students are required to document their clinical hours daily while at the clinical sites. The start time and complete time must be written in the appropriate calendar day with a signature of a supervising radiographer from the CT department at each time, start/finish. The student will maintain the clinical time calendar for each month and fax it to the clinical coordinator at the end of each month.

7. If the student does miss a clinical day during a given week. The student is allowed to make—up the required clinical time one week prior, if the students knows in advance of the absence, OR are allowed to make-up the clinical time in the one week following their absence.

8. Absences from the clinical area are strongly discouraged. The attendance policy applies to clinical activities. “No call, no show” for clinical is unprofessional conduct and the student will be withdrawn from the program with a WF.

A copy of TCL’s STATEMENT OF POLICY NUMBER: 3-1-307 CLASS ATTENDANCE (WITHDRAWAL) is on file in the Division Office and in the Learning Resources Center.

HAZARDOUS WEATHER
In case weather conditions are so severe that operation of the College may clearly pose a hardship on students and staff traveling to the College, notification of closing will be made through the following radio and television stations: WYKZ 98.7, WGCO 98.3, WGZD 103.1, WFXH 106.1, WWVV 106.9, WLOW 107.9, WGZC 104.9, WFXH 1130 AM, WLVH 101.1, WSOK 1230 AM, WAEB 97.3, WTOC TV, WTGS TV, WJWJ TV, and WSAV TV. Students, faculty and staff are highly encouraged to opt in to the Emergency Text Message Alert System. [www.tcl.edu/textalert.asp](http://www.tcl.edu/textalert.asp)
ACADEMIC MISCONDUCT

There is no tolerance at TCL for academic dishonesty and misconduct. The College expects all students to conduct themselves with dignity and to maintain high standards of responsible citizenship.

It is the student’s responsibility to address any questions regarding what might constitute academic misconduct to the course instructor for further clarification.

The College adheres to the Student Code for the South Carolina Technical College System. Copies of the Student Code and Grievance Procedure are provided in the TCL Student Handbook, the Division Office, and the Learning Resources Center.

Health care professionals hold the public trust. Academic misconduct by health science students calls that trust into question and academic integrity is expected.

It is a fundamental requirement that any work presented by students will be their own. Examples of academic misconduct include (but are not limited to):

1. copying the work of another student or allowing another student to copy working papers, printed output, electronic files, quizzes, tests, or assignments.
2. completing the work of another student or allowing another student to complete or contribute to working papers, printed output, electronic files, quizzes, tests, or assignments.
3. viewing another student’s computer screen during a quiz or examinations.
4. talking or communicating with another student during a test.
5. violating procedures prescribed by the instructor to protect the integrity of a quiz, test, or assignment.
6. plagiarism in any form, including, but not limited to: copying/pasting from a website, textbook, previously submitted student work, or any instructor-prepared class material; obvious violation of any copyright-protected materials.
7. knowingly aiding a person involved in academic misconduct.
8. providing false information to staff and/or faculty.
9. entering an office unaccompanied by faculty or staff.
10. misuse of electronic devices.

GRADING POLICY

<table>
<thead>
<tr>
<th>Grading scale</th>
<th>W withdraw</th>
</tr>
</thead>
<tbody>
<tr>
<td>90% - 100% A</td>
<td></td>
</tr>
<tr>
<td>82% - 89%</td>
<td>WP withdraw with passing grade</td>
</tr>
<tr>
<td>75% - 81% C</td>
<td>WF withdraw with failing grade</td>
</tr>
<tr>
<td>70% - 74% D</td>
<td>I Incomplete</td>
</tr>
<tr>
<td>Below 70% F</td>
<td></td>
</tr>
</tbody>
</table>
**Grading Methodology.** The final grade must be 75.000 or more in order to pass the course and progress in the program. Grades will not be rounded up. Students absent from an examination or presentation will receive a “0” grade for the examination unless other arrangements are made with the individual instructor prior to the examination or presentation day or on the examination or presentation day before the test/presentation is scheduled to be given. It is the responsibility of the student to contact the appropriate instructor to arrange to make up the examination. Arrangements may be completed by telephone. If the instructor is not available, a message should be left on the instructor’s voice mail AND with another member of the faculty or administrative assistant. The instructor will decide the time and method of make-up examinations on an individual basis. Messages sent by other students are unacceptable. The student is responsible for notifying the instructor for the reason of the absence. Grades are posted on Blackboard within one week of administration of tests and examinations.

**EXPECTATION OF STUDENT TO FULFILL RADIOLOGIC TECHNOLOGY COURSE REQUIREMENTS**

Radiologic Technology students are expected to adhere to all policies outlined in the college catalog/handbook as well as the Radiologic Technology Student Handbook. Violations of any policies are unacceptable. Failure to adhere to college and radiologic technology program policies may constitute dismissal from the program.
