"It's an educational institution that really fits the demographics of the community...giving students an opportunity to make a difference in their lives, and in the community in which we live. What a great fit!"
WE WORK WITH THE LOWCOUNTRY.

At TCL, we believe in the human potential of the Lowcountry and its economic growth. We provide educational opportunity to ALL people in the Lowcountry and design our training and academic programs to propel our graduates into jobs or on to further education.

AND THE LOWCOUNTRY WORKS WITH US.

TCL has transformed lives and opened doors for thousands of people in Beaufort, Hampton, Jasper, and Colleton counties. The College provides strong foundations to students transferring to universities and helps thousands of Lowcountry residents move into new careers. More than 93% of TCL graduates are either placed in jobs related to their education or go on to continue their studies at larger schools.

THANKS TO YOU.

All of TCL’s supporters share high values, bold generosity and the personal satisfaction of knowing that you are making an invaluable investment in both the human potential of the Lowcountry and its economic growth.

HOW YOU CAN GIVE.

1 SCHOLARSHIP:

The gift of a scholarship is the ultimate triple expression of faith in the college, its mission, and, most important, the future potential of an individual student. Scholarship gifts can be made annually in support of the TCL Future Alumni Scholarship Fund or through an endowed named scholarship.

2 GUARANTOR PROGRAM:

Become a Guarantor. The Guarantors Program helps deserving students who are faced with significant financial challenges to stay in school. Guarantors make possible the dream of education and a better life. Individuals or couples who make a gift of $1000 or more to the TCL Guarantors Program are members for the year in which the gift is made.

3 THE PRESIDENT’S FUND FOR OPPORTUNITY AND EXCELLENCE:

Your expression of trust, faith, and dedication to TCL’s mission and vision. The President’s Fund for Opportunity and Excellence provides the financial resources to empower TCL leadership to respond to immediate and emerging academic needs, such as instructional equipment and innovative workforce solutions. Your President’s Fund gift enhances opportunities for the current generation of TCL students, as well as future generations.

4 THE MATHER LEGACY SOCIETY:

TCL’s legacy of education began in 1868 as The Mather School, which provided education for the daughters of former slaves. As a member of the Mather Legacy Society, you are helping to ensure that this original legacy is carried well into the future. Membership is offered to donors who let us know by written documentation that they have included TCL in their estate plans or as a beneficiary of another type of planned gift, regardless of the amount. Membership is also offered to donors who make a permanent gift of an endowment, a gift that gives back to TCL forever.

5 THE TCL FUND:

Many generous individuals, couples, and organizations choose to support the TCL Fund, which provides unrestricted support for those elements that make a TCL education possible. Throughout the year, the TCL Fund supports those areas of greatest need.
