The Technical College of the Lowcountry recognizes the role of faculty in the governance of the institution. Faculty are provided the opportunity for leadership through membership in institutional committees and for self-governance and direction through participation in division meetings and through the Faculty Forum. Faculty interests are represented on the College's Strategic Leadership Team by the Vice-President for Academic Affairs.

It is the policy of the Technical College of the Lowcountry to place primary responsibility for the content, quality, and effectiveness of its curriculum with the faculty. The faculty shall exercise this responsibility through their active participation in division meetings, the

Faculty Forum, and institutional committees, especially the Curriculum Committee.
